

Red, White & Blue K9

Training Center for Disabled Veterans and First Responders

**OUR GOAL:
\$250,000**

Your support is needed!

- Members matched with K9 service dogs
- K9s and expenses provided by RWBK9
- Handlers train and bond with their K9s on site
- RWBK9 an educational, safe environment

RWBK9 is so much more than a training center for K9s and their handlers. It provides a path for injured service members and first responders to heal and regain a quality of life and financial independence they often think has been lost forever.

The RWB9 motto is "Helping America's Heroes Serve Again"

Military members and first responders put their lives on the line every single day to ensure our country remains free and safe for all Americans. Unfortunately, many are injured in the line of duty never again returning to the work they love, and often finding their path in life is now obscured with no direction. Their entire purpose was to help others; protect the weak and innocent; defend against harm, and most importantly, save lives. And in an instant, they are no longer able to perform their duties leaving them feeling shocked and abandoned.

Our training center will allow disabled service members and first responders to train with their K9 in a safe, educational, motivational, and experienced environment. The training allows handlers to bond with their canine companion, build confidence when working engage with the public enabling which helps to educate the community about the abilities of our handlers, dispelling the perception of a supposed disability. The community gets to see these men and women who lead by example and focus on the exceptional ability of K9s and their handlers and how they can serve the community.

Red, White & Blue K9

Training Center for Disabled Veterans and First Responders

**OUR GOAL:
\$250,000**

Your pledge is appreciated!

We cannot make this happen without donors like you! As a thank you for your support, all donors' names will be forever remembered and honored on our donor wall.

“After being injured in the line of duty, my service dog, Dyson, gave my life meaning and purpose again. Having Dyson by my side allowed me to see there was still hope to continue doing the work I was always honored to do. Help and serve others! Dyson is more than just a service dog, but a second chance at life as well as a companion and best friend.”
